### **Theft**

CPD Case# 14-46779-OF

(CONCORD, NH) - On October 22, 2014 at approximately 1:00 PM Police responded to the Sunoco gas station, located at 114 Loudon Road, for a report of a theft. A store associate reported that someone had stolen his personal phone. He said that at approximately 10:30 AM, he took his cell phone, described as a Gold & White iPhone 5S (16GB) from his pocket and put it down on a shelf while he loaded a cooler. He stated that he became busy with customers and left his phone unattended. He stated that at approximately 12:00 PM he went to retrieve his phone from the shelf where he had left it and realized it was missing. The value of the phone is over \$600.

A review of store surveillance revealed that a male subject had entered the store at approximately 10:24 AM and had gone to the area where the phone was left by the employee. The video showed the male pick something up from the shelf in the area of the phone, look around, look

back at the item, and then look around the store again. The male then appeared to conceal the item in his left front pocket. The male was then observed immediately leaving the store.

The video footage also showed that from the time the employee put the phone down until the time when he went to retrieve it no other persons had stopped in that area near the phone.

The person of interest in the video is described as a black male, with a thin build, approximately six feet tall and in his early 20's. The subject has short black hair with short sideburns and was wearing a black long sleeve shirt with two white stripes around the bicep area (the front of the

shirt had some type of design). The subject was wearing a long gold chain that extended past his chest and was wearing black pants with black and white sneakers (possibly Converse).

Police have recovered video surveillance from store security and is asking the public to assist in identifying the individual of interest depicted in the photographs.
